

VISION: By 2022, ECC is a nationally-acclaimed institution fully committed to ensuring a well-protected working population through sound, responsive and sustainable policies, programs and services on occupational safety and health (OSH), employees' compensation and rehabilitation of persons with work related disability.

MISSION

1. To develop and implement effective OSH policies and programs for the promotion of a healthy working population and prevention of work related contingencies.
2. To promptly provide workers and/or their dependents with adequate benefits and rehabilitation and other related services in the event of work-connected accident, injury, illness and death.
3. To manage a sound, strong, and wisely invested State Insurance Fund.

CORE VALUES

We are God-loving, dedicated and steadfast professionals and public servants.

We stand for integrity, transparency, efficiency, and effectiveness in our office operations.

We deal with our clients and other publics with utmost courtesy, patience, compassion and dedication.

We deliver excellent services promptly and fairly to all.
